FORST live 2027: Ticket shop now open – early bird discount for visitors

- **Super early birds can save until 31 August**
- **70 per cent of exhibition space already allocated**
- **FORST live Congress enters its second year**

Offenburg, 24 July 2026

Modern forestry machinery in action, chainsaws in use, and innovations for forestry, renewable energy and hunting – FORST live 2027 promises once again to be a highlight for the entire industry.

Online ticket shop for visitors is now open

Anyone wishing to attend 'in person' and book their visit to the fair now can benefit from attractive super early-bird prices until 31 August 2026. At the same time, booking early offers the opportunity to plan your visit to the fair at your leisure and secure accommodation near the venue in good time.

From 23 to 25 April 2027, the Offenburg Exhibition Centre will become a meeting place for forestry professionals, forest owners, local authority representatives, hunters and anyone interested in modern forestry technology. The hallmark of FORST live: machinery and equipment are not merely on display, but are demonstrated live under real-world conditions on the outdoor exhibition grounds.

Exhibitors are putting their trust in FORST live

The high demand from exhibitors is a clear sign that visitors can look forward to a strong line-up and numerous innovations in 2027 as well.

Around 70 per cent of the exhibition space has already been booked. Numerous renowned manufacturers and market leaders from Germany and abroad have confirmed their participation for 2027.

"The fact that we have already achieved such a high level of bookings sends a strong signal to the industry. FORST live is the place where innovations are showcased, machinery can be experienced first-hand and contacts are made. Visitors can already look forward to a high-calibre line-up of exhibitors and three intensive days at the fair with a genuine practical focus," says project manager Alexander Fritz.

A varied supporting programme

Numerous information sessions, presentations and shows have always been a feature of FORST live. Following last year's successful debut, the **FORST live**

Congress – Science Meets Practice is now entering its second edition. High-calibre keynote speeches, practical insights and exciting discussions on the future of forestry make the Congress another major draw for visitors.

Be there in 2027 and secure a super early-bird price

Discounted super early-bird prices are available in the online ticket shop up to and including 31 August 2026. All tickets entitle the holder to visit the trade fair, including the supporting programme. An additional free ticket is required for the FORST live Congress, which will be available in the online ticket shop from autumn 2026.

Tickets are available at www.forst-live.de/tickets.

FORST live, 23–25 April 2027, opening hours: daily from 9.00 am to 5.30 pm.

Tickets from 16 euros.
